SHARE THE MAGIC:

Presented by the Mobile Ballet Barre volunteer association, this special event raises funds for the Relevé Project, Mobile Ballet's tuition assistance program established to help reduce the financial burdens that prevent children from accessing dance training.

By attending, sponsoring, or donating to this event, you are providing opportunities for aspiring young dancers to have access to training, and directly making a difference in a student's life.

We have a waiting list of students who will be able to begin classes when funding is available. Your support will help get them off of the waiting list and into the studio!
